

ELM STREET'S NEXT RETAIL DESTINATION

NORTH ON ELM

North on Elm is emerging as the neighborhood's premier retail destination — anchoring a booming residential corridor!

The city is amid constructing a 455-space public garage behind ELM St, formerly known as the PERAL ST. Parking lot to be completed in early 2027. It's a rare advantage in a walkable, high-density retail corridor.

North on Elm is positioned to become the area's go-to hub for service retail, dining, and everyday essentials.
